On behalf of the Government of Switzerland and the Organisation for the Prohibition of Chemical Weapons (OPCW), the Technical Secretariat wishes to invite States Parties to nominate participants for an advanced training course on protection against chemical weapons, which will be held in Spiez, Switzerland, from 27 March to 1 April 2023.

The course is related to the offer made by Switzerland under Article X of the Chemical Weapons Convention (hereinafter “the Convention”) to provide assistance and protection against chemical weapons and will be jointly organised by the Government of Switzerland and the Technical Secretariat (hereinafter “the Secretariat”). Participants will receive advanced training in protection against chemical weapons and in detection. The course will also provide advanced protective measures, and of detection and decontamination equipment and personnel.

The course, which draws on Switzerland’s extensive experience in this area, is intended for specialists who are, or will be, associated with the training of civilians in their home countries in protection against chemical weapons. Applicants from States Parties that do not yet have such a capability will be particularly welcome. In order to participate in this course, it is mandatory to have participated in previous iterations of the Swiss Basic or Laboratory course.

Given the purpose of the course and its technical nature, candidates will be carefully selected and should have a solid technical background in the chemistry associated with assistance and protection against chemical agents. They should also be physically fit and be able to wear individual protective equipment for several hours at a time during the practical sessions of the course.

The Secretariat expects to be able to sponsor a limited number of participants from States Parties. Each nomination should specify whether sponsorship is a condition of the nominee’s participation. For sponsored participants, the Secretariat will cover the costs of travel and medical

insurance and will provide a limited subsistence allowance to cover sundry expenses. The course materials, accommodation, and all meals during the course will be provided to all participants by the Government of Switzerland, at no cost to them or to the OPCW. Further details regarding accommodation, the course venue, and transport will be provided at a later date. All nominations from SPs must be formally endorsed by the National Authority.

The course will be conducted in English, and no interpretation services of any kind will be provided. Participants are therefore expected to have a good command of the English language, both written and oral.

Participants are requested to obtain any necessary visas and vaccinations, including transit visas, before travelling to Switzerland and having an European Union recognised valid Covid vaccination.

Interested applicants are invited to register their nomination online through Eventus - the OPCW event management system—no later than 4 February 2023. The Eventus registration link is accessible via the OPCW website at: <https://apps.opcw.org/eventus/Home?eventid=424>
